CHRYSALIS ANNOUNCES CLOSING OF QUALIFYING TRANSACTION WITH FRESCO AND REDMERE

February 5, 2013 - Toronto, Ontario – Chrysalis Capital VIII Corporation (“**Chrysalis**” or the “**Corporation**”) is pleased to announce today that, subject to final approval of the TSX Venture Exchange (the “**Exchange**”), it has completed its previously announced qualifying transaction (the “**Qualifying Transaction**”) consisting of the acquisition of all of the issued and outstanding shares in the capital of Fresco Microchip Inc. (“**Fresco**”) and RedMere Technology Limited (“**RedMere**”).

A full description of the Qualifying Transaction was provided in the Corporation’s non-offering prospectus dated December 21, 2012, as filed on SEDAR (the “**Prospectus**”). Immediately prior to the closing of the Qualifying Transaction, the Corporation filed articles of amendment to consolidate its outstanding share capital (the “**Consolidation**”) on the basis of one post-Consolidation common share of the Corporation (each a “**Common Share**”) for every 3.86364 pre-Consolidation common shares. The Corporation also filed articles of amendment to change its name to “**Spectra7 Microsystems Inc.**”.

The Corporation has filed final documentation with the Exchange pursuant to the conditional approval received on December 21, 2012. Subject to final approval by the Exchange, the Corporation’s post-Consolidation Common Shares are expected to begin trading on the Exchange at the opening of the markets on February 19, 2013 under the symbol “**SEV**”.

With the completion of the Qualification Transaction, the Corporation has 37,882,145 Common Shares issued and outstanding and options to acquire 2,764,353 Common Shares outstanding under the Corporation’s stock option plan. In addition, the Corporation has issued awards issuable for up to 2,500,000 Common Shares pursuant to the Corporation’s restricted share unit plan.

Escrow

Pursuant to the terms of a value security escrow agreement dated February 5, 2013 among the Corporation, Olympia Trust Company as escrow agent and certain escrow securityholders (the “**Escrow Agreement**”), an aggregate of 27,567,222 Common Shares have been placed in escrow, whereby 10% of such securities will be released immediately upon the issuance of the Exchange bulletin evidencing final acceptance of the Qualifying Transaction and the balance of such securities will be released in equal tranches of 15% every six months thereafter.

Seed Sale Resale Restrictions

As disclosed in the Prospectus, certain non-principal shareholders of the Corporation are subject to seed share resale restrictions pursuant to the policies of the Exchange (each, an “**SSRR**”). A total of seven non-principal former shareholders of RedMere who upon closing of the Qualifying Transaction now hold an aggregate of 478,299 Common Shares are subject to SSRRs. Such Common Shares have been issued with a restrictive legend that will permit 20% of such shares to be released each month with the first release having occurred upon closing of the Qualifying Transaction.

Contractual Lock-Ups

Each former securityholder of Fresco or RedMere that was upon closing of the Qualifying Transaction entitled to receive greater than 100,000 Common Shares in exchange for its Fresco or RedMere securities, as applicable, is subject to a contractual restriction that, in addition to the terms of the Escrow Agreement or the SSRR restrictions, if applicable, it may not sell any of its Common Shares prior to the earliest of: (i) the date that is two years from the closing of the Qualifying Transaction; (ii) the date that the Corporation provides written notice or publicly announces that it has completed an equity or convertible debt financing that raises gross proceeds of greater than \$5,000,000 at a price higher than \$0.934 per share; and (iii) the date of the closing of a “Business Combination” (as defined in the Escrow Agreement) of the Corporation.

Each former securityholder of Fresco or RedMere that was upon closing of the Qualifying Transaction entitled to receive greater than 50,000 Common Shares and less than 100,000 Common Shares in exchange for its Fresco or RedMere securities, as applicable, has 75% of its Common Shares subject to the same selling restrictions as set forth above.
